

Bangladesh Study Tour

From September 7 for 9 days, 11 students participated in the Study Tour to visit Bangladesh for 9 days. Students, along with their instructors, visited major organization's Bangladesh Office such as JICA, the World Bank and the Asian Development Bank, and had discussion with the experts in each office. They also conducted site-visit to projects of solid waste management, storm water drainage system, fare system of mass-transportation in Dhaka, as well as bridge rehabilitation project in Eastern Bangladesh. In addition, they went out from Dhaka to local villages where world-famous NGO originated in Bangladesh called BRAC has its project sites for micro finance and school education. It was a very fruitful study trip as students was able to see sites they do not usually get to see in class.
