

AY2015 Spring NUGELP Welcome Party

10 students newly joined NUGELP from this April. After the guidance of NUGELP, they were invited to the welcome party organized by current NUGELP students.

The current NUGELP students, staffs, professors and doctoral students welcomed new students. New students did not seem to be nervous. They would rather enjoy NUGELP and actively communicate with current students. As Prof. Tanikawa, who is the program leader, said, NUGELP students have a lot of chance to join not only NUGELP study events but also FUN events organized by students. We hope they join both NUGELP events to become good friends each other.

Welcome to NUGELP ! Hope you every success in NUEGLP!!
