

Farewell and Welcome Party

On September 28th, the farewell and welcome party for 5 graduates and 12 new students was held back to back with the NUGELP closing ceremony. Master and doctor course students, NUGELP staff, and teachers (41 people in total) participated and the party was really vibrant. New students talked about their ambitions and graduates spoke about their appreciation to the teachers. In addition, Prof. Shin'ichiro NAKAMURA (Department of Civil Engineering, Graduate School of Engineering) gave some comments as a representative of the staff.

Everyone communicated actively across nationalities. It looked like the new students enjoyed it too. We hope that our graduates will become great global leaders and that the new students will learn lots of things through NUGELP.

Congratulations on your graduation!!

Welcome to NUGELP!!

Cheers!

Message from Prof. NAKAMURA

Happy graduation!

Let's enjoy university life together!!
